Gene,

Thanks for that key reminder! I very well might have missed that input for the discussion tomorrow. I am sorry you won't be there in person, but I believe that we will have the capability to have your voice there. We will check in with Laila and Vanessa on that one.

I am told we will have some experts from the state demographer office there tomorrow to give us their input on this question. I am very pleased by that to say the least.

Karen
